Higher Command Did Not Realize Real Conditions

Lloyd George Found Staff Officers Confident While Men in Trenches Drowning in Mud—Officers Ignorant Because of Failure to Visit

Battleline

The Bulletin continues to publish exclusive publication of the second series of Lloyd George's war memoirs, which will appear in book form this fall. In today's installment, Lloyd George tells of his visit to G.H.Q. in France during the Passchendaele offensive, and of the air of elation and confidence with which Staff Officers greeted him, in the erroneous belief that the hammer-blow was succeeding, notwithstanding that British soldiers were drowning in the mud, that British casualties were much heavier than the enemy's, and that objectives were not being reached. According to Lloyd George, the higher command's failure to visit a personal visit to the battleline, was grossly ignorant of the tragic conditions under which they were driving forward, inch by inch, the attacking battalions. Previous installments of the Lloyd George narrative appeared in Saturday's and Monday's Bulletin, and further installments will follow.

By The Rt. HON. DAVID LLOYD GEORGE
War-Time Premier of Great Britain
CHAPTER THREE

I visited general headquarters some time about the end of September. I found there an atmosphere of unmistakable exaltation. It was not on Haig's visit that I was. He was radiant. He was quiet; there was no swagger.

TIGERS BEAT YANKEES 9-5 FIRST GAME

"Lefty" Gomez is Driven From Mound With Five-Run Barrage in Sixth

Second game. R. H. E.
Detroit 201 0
New York 600 0
Batter and catcher, Ruffing and Jorgens.

NEW YORK, Aug. 14.—Detroit Tigers, blanked with one hit for five innings by "Lefty" Gomez, smashed their way through in the late innings to defeat New York Yankees 9-5 in the first game of today's doubleheader, played before a capacity crowd of 72,000 with another 15,000 turned away from the gates.

The victory was the Tigers' 12th straight triumph and increased their lead over the second-place Yankees to five and one-half games.

GUNMEN RUSH HOSPITAL WARD

ST. LOUIS, Aug. 14.—Two gunmen invaded the St. Louis County Hospital early today, held up a telephone operator and two nurses and released two prisoners from the jail ward.

The men released were Paul Miller, suspected in a St. Louis county shooting, and William "Red" Smith, who was unable to say immediately what Perkins was accused. Both men had been removed to the jail ward recently for minor ailments.

Wants to See More Small Coinage Pieces in Circulation

VANCOUVER, Aug. 14.—Hon. H. H. Stevens told a delegation of mining men today he would like to see more silver put into the country's currency in the form of 25 and 50 cent pieces.

The minister of trade and commerce assured his audience he would lend his entire support to the introduction of silver. He had given the problem much consideration, discussed it with business leaders of many countries and had reached the conclusion more silver should be placed in circulation.

Should Canada's monetary silver, Mr. Stevens said, similar action would follow in other countries. He was anxious to encourage greater use and sale of Canadian silver which would lead to the re-opening of many dormant mines with consequent increase in employment and improved business.

The delegation was headed by Dr. Victor Doolittle, president of the British Columbia chamber of commerce, and included members of that organization's executive.

The S.C. chapter of miners is preparing a memorandum on the silver question to be presented soon to Prime Minister R. B. Bennett.

WINNIPEG, Aug. 14.—Cool weather ruled over western Canada today, with light showers and drizzle over the prairie provinces. Rain also occurred over southern portions of the prairie.

Light, scattered showers were forecast to continue tomorrow, again chiefly in the southern areas where drought has taken severe toll of grain. A possibility of delay in cutting crops was seen in continuation of the precipitation.

TEAUNTON URGED TO ENTER PACT

LONDON, Aug. 14.—An authoritative source said today France and Russia again have urged Germany and Poland to enter the proposed eastern European security pact.

Official British quarters said there appeared little hope for positive action from the nations should they agree to the pact. It was also indicated, however, that Great Britain probably will not officially seek the agreement but will remain, like Germany, a silent observer.

CHILD'S FEARS FREAKS MOTHER

SAN DIEGO, Cal., Aug. 14.—A mother who punished her six-year-old daughter for a fire was fired today by the police for the same reason. The child, "I love my mommy," little Ruth Nicolson told Justice Eugene J. Ryan, "I was a bad, bad girl and picked things up after she told me to." She never was mean to me before.

And because of her daughter's fears, the court released Mrs. Mena Nicolson, who admitted having set a little girl's fingers over gas flames as a punishment, with a 30-day suspended jail sentence.

OH, OH, SNOW HITS ONTARIO; NORTHER ALSO

HORNEPANE, Ont., Aug. 14.—A King Wind warning issued by the 1934 annual here Monday night, with high north wind brought in a high temperature snow flurry, at a temperature 40 degrees above zero.

King and Queen Leave London
LONDON, Aug. 14.—The King and Queen left London today for Edinburgh today.

STEVENS GIVES KEEN BOOST IN SILVER CAUSE

OTTAWA COAN IS TO BE USED FOR ROADS, UTILITIES

Approximately \$600,000 will be loaned by the federal government to the city of Edmonton for local improvements, to relieve unemployment and \$100,000 to the provincial government, the latter specially earmarked for the completion of the Jasper highway.

The loan was announced by the minister of public works and highways, Mr. J. G. B. Hurry, M.P. for East Edmonton, when questioned by a U. G. Bury.

The loan will be used for grading, drainage, reconstruction of the street railway, sewer and water extension and paving. It is understood that the grading of the street bridges and extension of water facilities at the airport did not receive the official sanction of the city council.

While I have no official notice, I have some reason to believe that this is correct," stated A. U. Bury, M.P. for East Edmonton, when questioned by a U. G. Bury.

The loan will be used for grading, drainage, reconstruction of the street railway, sewer and water extension and paving. It is understood that the grading of the street bridges and extension of water facilities at the airport did not receive the official sanction of the city council.

Approximately 100 miles of highway will have to be either graded or paved, and the grading of the C.N.R. and Grand Trunk grade between Lethbridge and Edmonton, with about 25 miles of grading and paving to be done between Lethbridge and the park gates.

The loan to be granted to the city will enable the city to give employment to 300 men for 200 working days.

GOLF TROPHY IS MISSING

LAVAL, SUR - LE, LAC, Que., Aug. 14.—When the early started in the Laval Golf tournament last night, the first trophy which goes to the winner was still missing.

It was shipped from Seattle 10 days ago by Albert "Scotty" Campbell, who was in the condition of not arrived in Montreal. It cost \$1,000 and was insured for \$1,000.

The trophy, which is a silver cup, was reported from a small area near the Laval Golf Club, where it was found after a search of 30 minutes in two hours on the Macdonald and Aldridge subdivisions of the Forest.

The weather was cool and cloudy with a light rain, which is about 25 per cent completed, in preceding rapidly.

CHILE RECALLS PARAGUAY MAN

SANTIAGO, Chile, Aug. 14.—The Chilean government today was reported to have given Dr. Enrique Gallardo Nieto, its minister to Paraguay, the order to recall him from his post.

Chilean officials at the capital, at Santiago, Chile, said that Gallardo Nieto, the Paraguayan minister, had been recalled because of his alleged participation in the Chilean neutrality in the Chaco war between Paraguay and Bolivia.

C.P.R. Official Getting Better

MONTREAL, Aug. 14.—"Quite satisfied" was the report of at least one C.P.R. official in Montreal today, following the report of the C.P.R. official in Montreal, who was in the condition of not arrived in Montreal. It cost \$1,000 and was insured for \$1,000.

The trophy, which is a silver cup, was reported from a small area near the Laval Golf Club, where it was found after a search of 30 minutes in two hours on the Macdonald and Aldridge subdivisions of the Forest.

The weather was cool and cloudy with a light rain, which is about 25 per cent completed, in preceding rapidly.

DER FUEHRER Teuton To Vote Sunday

By WALTER E. BROCKMANN, Editor of the Teuton

Teuton speakers, Schacht, who recently was appointed as president of the Reichsbank, and who is virtually boss of Reich finance and economics, frankly admitted that Germany was in a state of economic collapse.

Hitler, Goebbels told a crowd of 80,000 in Nuremberg Stadium, is conducting a campaign to win the support of the German people by any means but works in the industrial and commercial spheres.

Hitler, Goebbels told a crowd of 80,000 in Nuremberg Stadium, is conducting a campaign to win the support of the German people by any means but works in the industrial and commercial spheres.

SITUATION IN SAAR BEYOND ALL CONTROL

Two Thousand Additional Police Needed to Keep Order

GENEVA, Aug. 14.—The governing commission of the Saar region, where a plebiscite will be held in January to determine whether it shall become French or German territory, is today warning that the situation in the Saar is beyond all control.

The commission declared the situation in the Saar is beyond all control, and that the situation in the Saar is beyond all control, and that the situation in the Saar is beyond all control.

The commission declared the situation in the Saar is beyond all control, and that the situation in the Saar is beyond all control, and that the situation in the Saar is beyond all control.

OHIO MADMAN STRIKES AGAIN

DEFAUNCE, O., Aug. 14.—This city's madman killer and clubber struck again today.

His next attack within two months—a period in which police and a court of law have been unable to get a "secret" again, he tried to kill a woman, who was in the condition of not arrived in Montreal. It cost \$1,000 and was insured for \$1,000.

MARY PICKFORD DOUG TO MEET

PASADENA, Cal., Aug. 14.—Mary Pickford declared today her arrival here from Chicago today, and that she will meet her estranged husband, Douglas Fairbanks, in Hollywood soon, she said.

Mary Pickford declared today her arrival here from Chicago today, and that she will meet her estranged husband, Douglas Fairbanks, in Hollywood soon, she said.

THIRTY DROWN AS SHIP SINKS

BAHIA, Brazil, Aug. 14.—Thirty persons were believed dead as a result of the sinking of a passenger steamer on the San Francisco river today.

OTAWA, Ont., Aug. 14.—Alberta's relief question will be discussed by the C.P.R. official in Montreal, who was in the condition of not arrived in Montreal. It cost \$1,000 and was insured for \$1,000.

The trophy, which is a silver cup, was reported from a small area near the Laval Golf Club, where it was found after a search of 30 minutes in two hours on the Macdonald and Aldridge subdivisions of the Forest.

CANUCK CHAMP WINS OPENING GAME IN GOLF

"Sandy" Somerville Defeats Frank Logan in Canadian Amateur

FLASHE, R. I., Proctor and A. W. "Sandy" Somerville, both of Edmonton today won their first victory in the Canadian amateur golf championship, Proctor defeated W. H. O'Brien.

Somerville, who was in the condition of not arrived in Montreal. It cost \$1,000 and was insured for \$1,000.

The trophy, which is a silver cup, was reported from a small area near the Laval Golf Club, where it was found after a search of 30 minutes in two hours on the Macdonald and Aldridge subdivisions of the Forest.

The weather was cool and cloudy with a light rain, which is about 25 per cent completed, in preceding rapidly.

WATER STORMS TAKEN IN OWN HEART

DOCTOR PATCHES BATTLE WITH GRL, ICE PICK

Injury to Muscle of Vital Organ Threatened Young Man's Life—Expected to Live Now.

CHICAGO, Aug. 14.—Three stitches, taken directly in the heart muscle in a day, brought the young man who had the pericardium, or sack surrounding the heart, saved the life of Edith Wright, 28.

Wright, stricken in the heart with an ice-pick in a quarrel with a woman, was taken to hospital in a day. Dr. J. H. Davenport said.

Wright was given a local anesthetic, his chest wall cut and the pericardium, or sack surrounding the heart, was found full of blood of which 300 cubic centimeters were removed with a pump. The wound in the pericardium, which in the heart itself, which was near the apex on the left side, Dr. Davenport said, were sewed up and the patient put to bed.

Wright, entirely conscious, watched the operation and talked during it. He is the doctor, Davenport, complications, Wright is expected to recover.

DAWORTH HAS HONOR FIRST SHIP IN PORT

Arrives Ahead of Others To Open 1934 Season at Churchill

CHURCHILL, Man., Aug. 14.—Decked out in flags from stern to bow, the ship *Albatross* from Liverpool, first vessel to reach port in the race to open the 1934 navigation season.

Following the *Albatross* and no other ship, the *Albatross* was the first to be thrown up by the big freighter *Albatross* from the *Albatross* of first place honors by a scant 300 yards. The arrival climaxed one of the most thrilling races in the three-year history of the port.

WAS BEHIND
The *Albatross* which was reported eight miles behind the *Rio* early Monday laid up at the docks here at 10:20 p.m. The *Rio* anchored in the bay and will dock Tuesday morning.

One of smallest freighters to enter this northern harbor the *Rio* could not match the 12-knot speed of the *Albatross* at the finish.

Crowds gathered on the quay above Cape Merry to witness the thrilling finish. Paint splashed of smoke showed above the masts and hulls and identity of the vessels was easily established.

Following the huge harbor, where the tug to guide the ships to port.

CALGARY WILL REGISTER MEN

CALGARY, Aug. 14.—Re-registration of all married men in the city who are recipients of relief in the city will be undertaken by the relief department beginning Sept. 1. The cost to be borne equally by the city, Alberta and the Dominion, or on such terms and conditions as may be agreed upon by those parties.

A resolution calling for the re-registration was passed by city council early today after a lengthy session in which the whole relief situation was thoroughly debated. During re-registration, relief will be granted on the same basis as at present in effect.

To Modern Venus Goes Loving Cup

CHICAGO, Aug. 14.—Three stitches, taken directly in the heart muscle in a day, brought the young man who had the pericardium, or sack surrounding the heart, saved the life of Edith Wright, 28.

STORM SWEEPS ONTARIO LOSS TO CROPS BIG

Delhi and Guthrie Areas Get Worst of Rain, Wind

TORONTO, Aug. 14.—Parts of Ontario were left storm-wrecked Monday with thousands of dollars damage caused to property and crops. Cyclone, hail and rain swept across the countryside, raising blizzards, carrying away grain stacks, destroying tobacco fields and lifting houses with trees and other debris swept before the wind.

Delhi and Guthrie areas felt the brunt of the elements as they leashed a downpour of hail accompanied by wind. Between 1,000 and 1,200 acres of tobacco crops were destroyed completely in the Delhi district with from 800 to 1,000 acres partially ruined. The hail storm, worst in years, swept an area a mile wide and 12 miles long. Norwich and Oshawa centers suffering most.

In the Guthrie district, seven miles northeast of Barrie, a cyclone raised blizzards, carried grain stacks away and knocked down trees, blocking traffic on the highways. Motorists fled into roadside buildings when the wind, accompanied by rain, appeared.

GUELPH RIFLE SHOT PUTS UP PERFECT SHOT

Albertans Gain Places on Dominion Ranges at Connaught

CONNAUGHT RIFLE RANGES, SOUTH MARCH, Ont., Aug. 14.—Climaxing a day of intensive shooting, the annual modern Venus beauty contest, at Connaught, Ont., was held today at the opening of the 1934 Dominion Rifle Association meeting.

The Guelph rifleman was at his best and was the only one of nearly 300 to hit the target of 200 yards. Five found their aim good enough to win places on the second place. They were Sgt. Dave Stuart, of Ottawa, Sgt. W. G. MacDonald, of Toronto, Capt. J. P. Fetherly, of Halifax, Lt. C. J. Bos of Vancouver, and Lt. Desmond T. Burke of Ottawa.

Lieut. Bos sent one of his shots for an inner on the short range and then remedied it at 800 yards with a possible.

Fourteen tied for third place with 68, and 11 were fourth place with 67. Three members of the 1934 Canadian Rifle Association, Toronto and Lieut. J. Neal Dore of St. John, N.B., were included in these with scores of 68 Col. Letson scored seven bulls at 200 yards, but dropped two points at 300.

Lieut. B. D. McLeod and Sgt. C. J. Delaney, of Calgary, a British male scored 67.

Mrs. W. Weir, 24-year-old member of the Saint John rifle shooting club, and Bernice Marshall, 22-year-old school teacher from Wayne, Alta., posted possible of 38 in the two matches. They were tied, however, with Cadee W. J. of Weston, and each fired three extra shots to decide the winner.

BETTER SHOT
The Weston cadet, with more experience, slugged on three more bulls, to win the bronze medal, while Mrs. Weir made her first two bulls, but became nervous because of a large gathering of riflemen behind her and failed to take enough time on her last round. It was for an inner.

The western school teacher, who travelled east with the contingent of Alberta men, took third place with three innies. Last week she participated in the 60th annual meeting of the Ontario Rifle Association, at Long Branch, arriving here during the week-end.

Family Scourge Causes Death of Spanish Prince

POBTSCHACHIO-N-WOERTHER, SE, Aug. 14.—A grief-stricken mother buried today this peaceful lake retreat where the body of Prince Don Gonzalo, 18-year-old son of Spain's former ruler.

Watching over the youth's body were his father, former King Alfonso, and other relatives.

Throughout the day a stream of grief-stricken relatives called to express condolences. Almost every head of state in the world called to express sympathy.

Physicians said a simple operation would have saved the prince who died Sunday night following an automobile accident, but they did not dare use knives. The slightest touch would have killed him, the royal youth to bleed to death because of haemophilia, the family affliction.

May Be Leader
Nathan of Little White Lake, who is a member of the Ontario Rifle Association, is expected to be a new general for the Salvation Army returned to discuss the possibility of her being chosen for the post.

They Set Record On 77th Birthday

CALCUTTA, Ind., Aug. 14.—Returning at the height of a terrific electrical storm from his daily visit to the little Dharma home on the Bush road leading to Corbett, Dr. A. R. Datta announced Monday the longest quietest day he had celebrated his 77th day of birth by making a record average gain of 9½ ounces. Sunday the combined weight of the five little sisters decreased 1½ ounces as four lost weight.

The doctor reported his tiny patients who daily are making marvellous gains, showed an aggregate weight of 24 pounds 12½ ounces, a total gain of 7½ ounces. Each of the five sisters showed improvement Monday, said Dr. Datta, who reported the following weights with gains from Sunday:

Weight	Gain
Yvonne	13 1/2
Ann	13 1/2
Ennie	13 1/2
Maria	13 1/2
Ennie	13 1/2

Dr. Datta said his tiny patients were continuing a steady diet of 120 ounces of human milk within the last 24 hours. Every day they are given 2½ ounces of human milk. Dr. Datta said his tiny patients are given 2½ ounces of human milk. Dr. Datta said his tiny patients are given 2½ ounces of human milk.

HUGE BUZZARD FORCES PLANE DOWN IN CUBA

HAVANA, Aug. 14.—A buzzard came into contact with a Cuban army aeroplane piloted by Capt. J. L. Povey, American instructor, Sunday, during the celebration of 60th anniversary of the Cuban revolution. The plane hit the buzzard, which forced it down. The plane's engine was damaged and the plane was forced to land. The plane was damaged and the plane was forced to land.

WALKOUT FOR TEXTILE MEN ARE FORESEEN

Union Officials Announce Trouble Coming at Opening of Meet

NEW YORK, Aug. 14.—Called this morning a month ahead of schedule to face an emergency in the industry's delegates to the United Textile Workers' convention were told by their union Monday that major walkouts are imminent in the United States textile trade.

Thomas F. McMahon, president, sounded the alarm at the opening of the convention, which is being held at the Waldorf-Astoria hotel in New York City. McMahon urged the immediate calling of a strike whenever "attested" before the week's meeting.

McMahon urged the immediate calling of a strike whenever "attested" before the week's meeting. McMahon urged the immediate calling of a strike whenever "attested" before the week's meeting.

MINE INFERNO NEARLY DEAD

COLORADO SPRINGS, Colo., Aug. 14.—A coal mine fire that has smoldered nearly 25 years at Matheson, Colo., is dying out, virtually extinguished by an eleven-week battle waged by a crew of 25 men working under the direction of the United States geological survey.

Last week workmen succeeded in cutting clear around the burning area, leaving it to burn itself out. Hundreds of pounds of explosives were used in surrounding the blaze.

The fire started when campers lit a fire on an outcropping of coal near the mine's entrance. The fire burned ever since, eating far into the underground workings.

Railway Fares Labor Day Down

WINNIPEG, Aug. 14.—Reduced fares over the labor day week, ended from Friday, August 31, to Tuesday, September 4, have been authorized on both Canadian Pacific and Canadian National railways between all stations in Canada, according to an announcement made today by Joseph B. Parker, secretary Canadian Passenger Association.

Mr. Parker explains that tickets for the round trip will be a fare and a quarter and the return limit has been set at midnight Tuesday, September 4, the minimum fare at 50 cents.

With the season's former holiday on a minimum, it is expected that a large number will avail themselves of travelling privileges for the final summer week-end holiday.

DROUGHT HELP RULES WORKED OUT FOR U.S.

Roosevelt Reviews Situation, Lays Down Orders With Aides

By FRANCIS M. STEPHENSON
Associated Press Staff Writer
WASHINGTON, Aug. 14.—President Roosevelt Monday discussed means to alleviate United States drought devastation by assuring adequate relief for stricken farmers and sufficient food supplies at reasonable prices for consumers.

At the same time he re-emphasized his decree against political activity by relief workers and approved directives of any federal agents running for political office by participating in political campaigns.

He asked secretary of agriculture Henry Wallace and Andrew Williams, acting federal relief administrator, to work out a system to permit federal purchase of surplus foodstuffs, feed, which might otherwise go to waste.

Both Wallace and Williams asserted there was no danger whatsoever of a serious food shortage. The purchase plan was arranged for a "double purpose," to help growers and to make certain no food is wasted.

Some observers said the program might have a secondary purpose in preventing possible profiteering in the food situation.

Edmonton Dog Best Of Show

One of the greatest residents of this city is Miss Thelma McCreger, 1035 10th street. The reason is that her favorite contest, "Ladbury Party," a Scotch rite, not only won the championship but also won the "Edmonton dog show" at the exhibition, but has now achieved a similar distinction at Ladbury.

It is believed this is a record for any dog. To have been adjudged "best dog" in two consecutive years, and to complete his championship so expertly, is an unusual and highly creditable achievement.

"Ladbury Party" is descended from the line noted line of Scotch terriers that include "Heather Breeze," "Clayton O'Brien" and "Heather Breeze."

Mrs. McCreger obtained her favorite canine from Mrs. M. Burrell, who caught a white terrier, but before she had time to put it in a show, she was taken to the hospital, and she died.

Seized With Illness In Dark Jungle

Mayor Tells Council No Answer Received re \$1,000,000 Plan

City commissioners have been instructed to interview provincial government officials as soon as official information is received as to the Dominion's future direct relief policy and its decision on the city's request for a \$1,000,000 loan for an unemployment work program here.

City council gave these instructions at its meeting Monday night. No definite word.

Mayor D. K. Knott told aldermen that no definite word had yet been received from either matter. He understood, he said, that Hon. Geo. Howland, Alberta representative at the recent Ottawa relief conference, was still in Ottawa.

MAY GET LOAN
From unofficial information I have received, I understand there is a possibility that no demand for million dollars in receiving favorable consideration, the mayor stated. He added that there was also a possibility that the municipal would be asked by the federal government to carry a greater share of the recent Ottawa relief conference, was still in Ottawa.

Most Harvest Jobs Are Already Filled

While there has been a considerable demand for harvest help in sections of southern Alberta, most of the available jobs have been filled by men resident in the vicinity, according to Labor Bureau officials.

But even Calgary and Medicine Hat in the Medicine Hat and Lethbridge areas, where there is considerable harvesting done, the demand for help is not general and most have been filled from the area themselves.

In the northern section of the province cutting is expected to commence by the end of this week or the beginning of next. As in the south, the early work will be taken care of by residents of the area, with others coming in to the seasonal business here only when the pressure becomes great.

PERCH PROVES BAIT FOR BIG TROUT—TRY IT

WEST POINT, Man., Aug. 14.—A woman comes through with Clay County's No. 1 fish story of the season.

Mrs. R. S. Chandler was fishing in Three Lake near here, she related.

And as the story goes—she caught a white perch, but before she had time to put it in a show, she was taken to the hospital, and she died.

General Store At Doe River Again Looted By Thieves

DAWSON CREEK, B.C., Aug. 14.—For the second time within a year, Treen's General Store at Doe River, eight miles north of Bella, was robbed Saturday night. Thieves gained entrance by breaking the window of the post office. Supplies of clothing, rubber, tobacco, cigarettes were taken but the post office supplies were not interfered with. The police are investigating but no arrests have been made.

A resolution calling for the re-registration was passed by city council early today after a lengthy session in which the whole relief situation was thoroughly debated. During re-registration, relief will be granted on the same basis as at present in effect.

Ottawa Pacts SEEN USELESS

LONDON, Aug. 14.—A report on the trading position of India in the north-east of India was probably just meet her own consumption or the government of India in India and London last night. The report was published by the India Office, which said that the Indian government has granted at the Ottawa conference, but the Indian government has granted at the Ottawa conference, but the Indian government has granted at the Ottawa conference.

City Clerk Job Changes Passed By City Council
Alfred Russell, acting city clerk for the past two years, was officially appointed city clerk at the meeting of city council, Monday evening.

FASTER STARTS HIGHER SPEEDS QUICKER STOPS

Today's driving needs today's tire—"G3"

Cars flashing from a standing start up to forty or fifty miles an hour... then suddenly slowing down to a dead STOP... or like a shot again... around curves... in and out of tangled traffic... responsive always to the surging power of modern motors and the strength of modern brakes!

Think what punishment all that means for tires—tires on the new smaller wheels which grind against road surfaces at far higher speeds!

G3 far more than takes care of the added strain today's cars and today's traffic conditions put on tires.

Goodyear means GOOD wear

NEW DEEP SEA WORLD RECORD DIVE IS MADE

Inky Darkness, Strange
Lighted Fish, Seen by
Pair in Test

HAMILTON, Bermuda, Aug. 14.—Establishing a new world's record dive, Dr. William Beebe and Otis Barton descended 2,310 feet below the ocean's surface, seven miles and 10 minutes elapsed from the time they crawled from the narrow entrance. For half an hour the scientists remained at the record depth.

"Darkness" blacker than the blackest night and lights of deep-sea fish "like stars gone mad" were described by the divers after they emerged from the New York Zoological Society's bathysphere, a fusion spherical diving apparatus invented by the two men.

UNDER TWO HOURS

After sailing out of St. George's, Bermuda, on their tender, Dr. Beebe and his companion were sealed in the sphere and spent two hours and 31 minutes under water. Three hours and 10 minutes elapsed from the time they entered the metal ball until they crawled from the narrow entrance. For half an hour the scientists remained at the record depth.

The descent required an hour and 26 minutes. Owing to the impossibility of pumping air into the sphere, the divers had to breathe through tubes which had sufficient oxygen for each hour. Only one was used and the supply lasted until the metal ball had risen to a point 50 feet below the surface.

TOOK SHORT FILM

At the lowest depth a short motion picture film and a number of still shots were taken by means of a special powerful light. Dr. Beebe reported that he saw a species of fish that during any of his previous dives.

Constant telephone communication was maintained between the tender and bathysphere.

Hollywood Gossip

INTIMATE GLIMPSES AND INSIDE STUFF
ON THE MOVIE COLONY

By DAN THOMAS.

HOLLYWOOD AUG. 14.—Hollywood's best actors are directors. Strange as that statement may seem, a poll of Hollywood would reveal it to be accurate.

Naturally, however, the directors vote yet add credit for their intrinsic ability, since all their acting is done behind the camera lens.

JOSEF VON STERNBERG
DIRECTOR OF "THE DREAMER"

At other times he will get on at regular intervals to put on the desired results from those under his guidance.

Whatever it is he does, it's acting. And he does it so sincerely every scene for each of his principal players with the result that most of his finished productions reveal a flock of Von Sternberg's "marvels."

Joe von Sternberg carries his acting even farther than Lubich—but without such gratifying results. He will act out practically every scene for each of his principal players with the result that most of his finished productions reveal a flock of Von Sternberg's "marvels."

"You don't confine his acting in the set, however. Practically all his waking hours are devoted to it. Even the manner in which he dresses is an act to attract attention."

Contradicting statements which appeared in a magazine recently Roger Pryor and Ann Sothern are characteristically denying that there has been any intention of getting married. It has been only a few days since Roger's first wife got her divorce from him. And both Roger and Ann think they have plenty of time to consider matrimony.

PUNCH-HITTING IN LOVE
While on the subject of romance, I notice that Margaret Lindsay is doing a swell job of punch-hitting for Jagger Gwynn while the latter is vacationing in Europe. Just before Janet left, she was seen frequently with Gene Raymond, one of the most eligible of Hollywood's bachelors.

So now friend is taking care of Gene, just in case he won't be interested in her any more after she has left. He should work out just beautifully—unless Gene should decide that Margaret is really love.

Chickie's Daughter

By ELENORE MEHRIN

She stepped from Bill, trem-
bling and breathless with his
precipitous greeting. She pushed
back her hair and regarded him
with blinking, astonished eyes.

"What's the matter, Pippin?"
"Nothing," I said, excepting a
whirlwind. You rather swept me
off my feet."

He faced her, resting one elbow
on the table and smiling. "I've
been waiting years for this meet-
ing," he said. "I've been wait-
ing for you to come to me for
a big letter. Are you glad to see
me, Pippin?"

"The answer's simple, surveying
him," I said. "You're not the
same."

"I'm twenty-five years old, Pip-
pin. I've seen a lot of the world,
and I've been through a lot of
things. I'm not the same as I
was when you left me."

"I'm not the same as I was when
you left me," I said. "I've seen
a lot of the world, and I've been
through a lot of things. I'm not
the same as I was when you left
me."

"I'm not the same as I was when
you left me," I said. "I've seen
a lot of the world, and I've been
through a lot of things. I'm not
the same as I was when you left
me."

"I'm not the same as I was when
you left me," I said. "I've seen
a lot of the world, and I've been
through a lot of things. I'm not
the same as I was when you left
me."

"I'm not the same as I was when
you left me," I said. "I've seen
a lot of the world, and I've been
through a lot of things. I'm not
the same as I was when you left
me."

"I'm not the same as I was when
you left me," I said. "I've seen
a lot of the world, and I've been
through a lot of things. I'm not
the same as I was when you left
me."

struggle is expected in the final series, as the two teams have fully demonstrated their strength to date this season.

CAN'T DISCOUNT ROYALS

Anxious to start the series on the right foot, Manager Murdoch will probably select Lefty Plotts for mound duty against the second-half champs. Plotts has been one of the late season sensations, although just recently gaining a regular pitching berth. He hurled a pair of brilliant wins in the Junior League, where he had 19 strikeouts in each of four games. He is an out-

EATON, ROYALS' CHOICE
However, Manager Webb King is not worrying a little bit. He has Buck Eaton ready for duty on the hillcock and the slim righty does possess a great pitching record this season. King believes that Eaton will be too tough for anything the Shastas have to offer and looks for a win this evening.

Second game of the series will be played Thursday and the third next Sunday.
